

SMD5050 LED Flexible Strip Lights For Modern And Energy-Saving Lighting Solutions

Our Product Introduction

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: YSENLED
- Certification: CE ROHS LVD EMS
- Model Number: YS-R60X5050RA-F3
- Price: Negotiable
- Delivery Time: Within 48 hours
- Payment Terms: T/T
- Supply Ability: 100,000 meters per week

Product Specification

- Color: Red/Yellow/Blue/Green/White/Warm White
- Wavelength/ CCT: 2800-7500k
- LED Qty/Roll: 300pcs/roll
- Voltage: DC24V
- Power: 72W/roll
- Dimension (mm/roll): 12*5000 Mm/roll
- Lumen: 18-20LM/ CRI 85
- Highlight: **Energy-Saving LED Flexible Strip Lights, SMD5050 LED Flexible Strip Lights, Modern LED Flexible Strip Lights**

Product Description

SMD5050 LED light strip is a very popular lighting product, which is loved by users for its high efficiency, energy saving and diversified lighting effects. The following are some features and introductions of SMD5050 LED light strip repair self-adhesive dimming lamp core arc ceiling lamp replacement core side-emitting soft strip products:

1. ****SMD5050 lamp beads****: SMD5050 refers to the size of the lamp beads, that is, 5mm x 5mm. This size of lamp beads can provide higher brightness and good light effect.
2. ****Self-adhesive design****: The back of the light strip is usually equipped with self-adhesive backing, making installation very simple and quick, and users can easily stick it on various surfaces.
3. ****Dimming function****: This light strip has a dimming function, and users can adjust the light color as needed to achieve different lighting effects and increase the ambient atmosphere.
4. ****Curved ceiling lamp replacement****: This light strip is designed to replace traditional curved ceiling lamps, providing a modern and energy-saving lighting solution.
5. ****Side-emitting technology****: Side-emitting technology makes the light softer, reduces glare, and provides a more comfortable visual experience.
6. ****Soft strip design****: The soft strip design of the light strip makes it easy to bend and shape, suitable for lighting needs of various shapes and sizes.
7. ****User evaluation****: According to the search results, users generally have high evaluations on this product, especially mentioning its good lighting effect, brightness, installation convenience and customer service attitude.
8. ****Purchase information****: This product is sold on multiple e-commerce platforms, such as Taobao, JD.com, etc. Users can choose the appropriate specifications and length according to their needs.
9. ****Maintenance guide****: If maintenance is required, you can refer to the product manual or contact the seller for professional maintenance guidance.
